Preface This book is focused on anti-jamming

transmissions in cognitive radio networks (CRNs) and covers several recent research hot topics in this eld. **Spread Spectrum-Based Anti-jamming Techniques - Springer**

In this chapter, we first introduce spread spectrum-based anti-jamming techniques in Sect. 2.1. We then investigate the anti-jamming transmissions based on frequency hopping in Sect. 2.2, and present DSSS-based anti-jamming systems in Sect. 2.3. We discuss the challenges of jammers in cognitive radio networks in Sect. 2.4, and summarize in Sect. 2.5.

**Anti-jamming in cognitive radio networks using ...**

Anti-jamming in cognitive radio networks using reinforcement learning algorithms Abstract: Cognitive radio technology is a promising approach to enhance the spectrum utilization. As the cognitive radio network (CRN) is prone to random attackers, security becomes an important issue for the successful deployment of CRN.

**Markov Model Based Jamming and Anti-Jamming Performance ...**

In this paper, we conduct a cross-layer analysis of both the jamming capability of the cognitiveradio-based jammers and the anti-jamming capability of the cognitive radio networks (CRN).

**Anti-jamming performance of cognitive radio networks**

In this paper, we study both the jamming capability of the cognitive-radio-based jammers and the anti-jamming capability of the cognitive radio networks.
