[European Energy Markets Observatory 18th Edition ...](#)  
It analyzes the evolutions of the electricity and gas markets in EU-28 (plus Norway and Switzerland) by tracking the progress of multiple subjects: the establishment of open and competitive markets, the reaching of the EU's Energy-Climate objectives, the adequacy between supply and demand or the realization of the energy market integration. Colette Lewiner speaks about key findings from EEMO 18th Edition. Watch the video to know more.

[Data & analysis - Energy - European Commission](#)  
In addition, various energy statistics are produced, such as: energy performance in buildings, energy production, consumption, taxation and prices in the EU and abroad, economic and environmental data. For data and analysis DG Energy relies on the Market Observatory for Energy which maintains and operates the Energy market observation system (EMOS).

[European Energy Markets Observatory \(2009\) - 2008 and ...](#)

Capgemini's European Energy Markets Observatory (EEMO) is an annual report that tracks the progress in establishing an open and competitive electricity and gas market in EU-27 (+ Norway and Switzerland) as well as the progress on the EU Climate-Energy package objectives.

[European Commission - Energy - Market Analysis](#)  
Gas and electricity market reports. The European Commission publishes regular market analysis reports on European gas and electricity markets and energy prices and costs in Europe. The quarterly reports analyse the main factors behind price and volume evolutions on the market and they analyse gas and electricity market interactions between countries.

[European Energy Markets Observatory | SpringerLink](#)  
-Progress was made towards a common electricity market in Europe, but competition is not really taking up and prices to end customers skyrocketed in early 08. -The Utilities are in a good financial situation and important M&A have landed in 2008. -The financial and economic crisis is impacting the Utilities industry and should accelerate their business model change.
