[Handbook of Central American Governance \(Hardback ...](#)

Central America constitutes a fascinating case study of the challenges, opportunities and characteristics of the process of transformation in today's global economy. Comprised of a politically diverse range of societies, this region has long been of interest to students of economic development and political change.

[Handbook of Central American governance \(Book, 2014 ...](#)

The Handbook of Central American Governance aims to describe and explain the manifold processes that are taking place in Central America that are altering patterns of social, political and economic governance, with particular focus on the impact of globalization and.
