Services?

Career Options. Human services professionals are needed in a wide variety of settings, including private and government social service agencies.

List of Careers in Human Services | Chron.com

Though qualifications, duties, salaries and clients vary, human services workers have one thing in common: the desire to help those in need. Practitioners of the field determine the concerns of their clients, develop a treatment plan and put that plan into action, while providing emotional support.

Main Components of Communication in the Workplace

From human resources to customer service, bad questions pollute nearly every workplace. Bad questions often prompt incomplete or misleading answers and can undermine rapport. On the other hand, good questions are a valuable tool of efficiency, competence, and rapport-building.
