Structuring Data for iOS and OS X Jesse Feller Feb 2014, Paperback, 400 pages ISBN13: 9780321889119 ISBN10: 0321889118 This title is no longer available.

**[Learning iCloud Data Management: Setting Up iCloud for ...](#)**

iCloud involves synchronizing data across a user's devices, and as soon as you start thinking about sharing data among various devices, you have to consider the security issues involved. Fortunately, the engineers at Apple have done this: iCloud takes advantage of the security mechanisms that are built into the App Store and the Mac App Store.
