Essentials of Anatomy Physiology Amazon de Frederic H

I used this book for a class at UCLA, and it was fantastic. The writing in most anatomy books is quite dry, but this one does a good job of tying anatomy and physiology together in a readable, layperson-friendly format. I especially loved the parts on EKGs and sodium ion pumps. Great diagrams and useful tables helped me study many a night, and I consider this my favorite A&P textbook of all (I've used 3 different texts, and am about to start Physician Assistant school using a 4th).
