Memoirs of an Infantry Officer, first published in 1930, is Siegfried Sassoon's fictionalized autobiography of the period between the early spring of 1916 and the summer of 1917. The narrative moves from the trenches to the Fourth Army School, to Morlancourt and a raid, then to and through the Somme. The mind of the narrator turns from unquestioning acceptance of the war and of the standards which it set up, to doubting the necessity of the seemingly endless slaughter.

MEMOIRS OF AN INFANTRY OFFICER is the second volume of Siegfried Sassoon's "Sherston Trilogy" - the mostly autobiographical series of memoir-novels he wrote detailing his youth in Edwardian England, his coming-of-age in the trenches of the Western Front during The Great War, and the conflicted life he led in the years following it.

### **ResoluteReader Siegfried Sassoon Memoirs of an Infantry**

Sassoon is an officer, from a relatively privileged background. He believes, perhaps rightly, that if he speaks out, it'll count for more than the complaints of the ordinary infantry. What's fascinating though, is the way Sassoon is motivated by the apparent lack of understanding from ordinary citizens back home. Like many accounts of soldiers returning from home on leave, he finds himself unable to describe his experiences, or find comprehension amongst even military veterans.
