Out of the Mainstream identifies those aspects of mental illness which can compromise parenting and affect children's development, as well as the efforts

[Out of the Mainstream: Helping the Children of Parents ...](#)

Section Two takes a more clinical practice focus, with Section Three widening back out to a systems perspective that includes psychiatry and working with the voluntary sector. The book is an engaging read and, for me, takes a more a descriptive than a critical perspective. More could have been made of this.

Out of the Mainstream describes one such creative response. It is a description of the service developed in Tower Hamlets to address the needs of children whose parents suffered from mental illness.

[Out of the Mainstream: Helping the children of parents ...](#)

With chapters from professionals working primarily with children or adults, in different agencies and in specialist teams or in the community, the book illustrates the ways in which the needs of mentally ill parents and their children can be understood.
