Lecture Notes on reproductive health The Carter Center

Health and nutrition services: The health status of women who are not getting adequate amount of nutrients and proper reproductive health services could be affected. Interaction with providers: Some health care providers are, unsympathetic and uncaring as they do not respect women's cultural preferences. E.g. privacy, birth position, or treatment by women providers.

Introduction to reproductive health and environment who int

Reproductive health is a universal concern, but is of special importance for women particularly during the reproductive years. However, men also demand specific reproductive health needs and have particular responsibilities in terms of women's reproductive health because of their decision-making powers in some reproductive health matters. Reproductive health is a fundamental component of an
