The Lean Forward Moment Production Design What Is a

The look and feel of the worlds that the characters move through need to give a deeper look into their personalities and the script s meaning. In short, the design of the film must perform a storytelling function without using words. Otherwise, it s just radio. And that is what this chapter is all about.

The Lean Forward Moment Telling Better Stories in Film

Within each area he describes how the Lean Forward method can help with every step of the creative process (setup, scene description, the script, production design, direction, cinematography, editing, opticals and special effects, music and sound). He then brings together the concepts he discusses by providing real world examples from a drama, an action film, a documentary and a commercial.
