[Ulnar Nerve Surgery of the Elbow - Health Guide Info](#)

The ulnar nerve runs the length of your arm. It begins at the brachial plexus and the end is in the pinky and ring finger. The nerves are cord-like structures that deliver signals between the nervous system and the other organs. They help sense and react to stimuli, such as pressure and temperature. The ulnar nerve is used to supply both sensation and motion.

[Ulnar Nerve Entrapment at the Elbow \(Cubital Tunnel ...](#)

Ulnar nerve entrapment occurs when the ulnar nerve in the arm becomes compressed or irritated. The ulnar nerve is one of the three main nerves in your arm. It travels from your neck down into your hand, and can be constricted in several places along the way, such as beneath the collarbone or at the wrist.
